Sir,

I am to invite a reference to your e-mail dated November 28, 2019 on the above subject and to furnish the requisite information in respect of IIT Indore as stated below:

(a) whether the Government is aware of the increasing suicide rates in the higher education institutes in the country;

**Reply:** Not applicable

(b) whether the Government has done any studies/research on discrimination/harassment of students based on caste or religion in the higher education institution such as IITs.

**Reply:** Not applicable

(c) if so, the details thereof; and

**Reply:** In view of (b) above it is nil.

(d) the measures that are being taken by the government to prevent harassment of students in higher education institutions.

**Reply:** Following are the measures taken by the Institute:

- On joining the Institute, every BTech student is assigned a faculty advisor and a student mentor and every master student is assigned a faculty advisor. Faculty advisors and student mentors facilitate the process of early identification of the stress related concerns in students.
- A meeting is organised during orientation program involving new BTech students and their parents along with assigned faculty advisors, student mentors and Counselor.

- There are total 113 student mentors (including 16 core group student mentors from BTech third year and 97 student mentors from BTech 2nd year).
- Creating a good liaison with various departments and services at the institute to facilitate early identification of stress related concerns in students.
- Strong referral system is maintained as a basis for enhancing mental health services, where students are being referred by academic office, health center, faculty advisors, sports and security officers, wardens and hall of residence office, parents and friends, apart from walk in students who approach the counselor on their own.
- Students having frequent sickness and somatic symptoms are screened for stress related concerns in co-ordination with Health Centre.
- Proactive informal interaction with students facilitates rapport building and breaking-of-ice situation with the larger student community.
- Counselor observes students in different settings and environments like classrooms, hall of residence, eating-joints, play-grounds etc. where the students are more at ease. Counselor also attends the academic and non-academic activities organized by various departments and student gymkhana, allowing further interaction with students.
- Organises expert talk and activities to create awareness for mental health issues and enhancing positive well-being.
- Peer tutoring and peer mentoring program.
- Greater support for students coming from underprivileged background- PwD
- Facilitation of various policies for students having academic concerns.
- De-stigmatising counselling services to a considerable extent and enhancing the positive perception of the cell.

Thanking you

Sir,

I am in invitation reference to your e-mail dated July 26, 2019 on the above subject and to furnish the requisite information in respect of IIT Indore as stated below:

- (a) The number of patent rights granted to academic/R&D institutions including Council of Scientific and Industrial Research (CSIR), Indian Institutes of Technology (IITs), Indian Institute of Science (IISC), Indian Institutes of Information Technology (IIITs) in the country during the last five years.

**Reply:** There are 43 patent applications filed by IITI at different stages. This office is waiting for final grant of Patent Right yet.

- (b) New initiatives being taken by the Government to promote research works in the country in this modern age of stiff competition and Intellectual Property Right regime.

**Reply:** New initiatives taken by the Institute are as follows:

i) **Promotion of Research and Innovation for Undergraduate Students (PRIUS):** To promote and support research and innovation based projects amongst undergraduate students, IIT Indore has started a new scheme through which it supports:

- undergraduate students in the research laboratories at IIT Indore,
- undergraduate students for international collaborative research projects, and
- encouraging projects leading to innovation by undergraduate students

The scheme is applicable for undergraduate students enrolled at IIT Indore and a part of the PRIUS project must be carried out at IIT Indore. For the implementation of this scheme, the student who wishes to pursue an undergraduate research project must identify a faculty supervisor from IIT Indore. PRIUS undergraduate projects should typically run for a period of at least six months and it

Registrar in Charge  
IIT INDORE

is to be understood that these projects will not in any way come in the way of the student's regular academic obligations and requirements for fulfilling the requirements for the award of degree. Undergraduate students identified to utilize this opportunity must finish their work before the end of final semester of the coursework.

Some of the completed and ongoing PRIUS projects carried out by undergraduate students of IIT Indore are listed below:

- Ultrasonic Machining (USM) Device - Design and Fabrication
- Design and Development of a bio-mimetic robotic fish using smart materials
- Design and Development of Inverted Stewart Platform for 3-D Printing & Micro-Machining
- Design and Development of highly efficient wave energy converter (WEC)
- Design and Development of a Lower Limb Rehabilitation Robot
- Design and Development of a DOF Manipulator
- Design and Development of Shape Memory Alloy (SMA) actuated Directional Control Valve (DVC)
- Designing Water Flow Controller for Dual Ion Beam Sputtering Deposition (DIBSD) Facility
- Automation of Abrasive Jet Machine Setup
- Investigation on Resource Allocation Algorithms for Green Cellular Networks
- High Energy Physics

ii) **Innovation and Entrepreneurship Development Center (IEDC):** IEDC has been setup at IIT Indore in 2014 with the aim of nurturing and fostering innovation and entrepreneurship culture. The Centre has supported on-campus student activities through Student Entrepreneurship Support Cell (SESC) and supports student entrepreneurial ideas.

The mission and vision of IEDC is to bring in more proactive members: who will be "creators" rather than "producers", who will challenge the usual, and conquer the so called impossible, encouraging IIT Indore students and wider community towards entrepreneurship with focus on job creation, and to have a self-sustaining incubation centre and generate endowment funds for the Institute. Some highlights include runners up trophy in National Entrepreneurship Network (NEN) E-Week 2015 challenge for Central Region (including Gujarat, Maharashtra and Madhya Pradesh), 2nd position in National Entrepreneurship Challenge organized by IIT Bombay in January, 2014, 1st IIT Indore on-campus start-up launched in February 2014, and 2nd on-campus start-up launched in February, 2015, Best Debutant Award from E-Week 2014 by NEN in March 2014.

In the first year itself, the entrepreneurial ideas supported by the centre have generated IP filings and have received several awards. The advisory board of IEDC includes representatives from DST, MSME, SIDBI, SBI, RRCAT, IIM Indore, NEN, IIT Indore and entrepreneurs. IEDC has been able to attract VCs willing to invest up to Rs. 1 Crore, and with IIM Indore the Centre is organizing i5summit, the largest entrepreneurial summit in central India.

**Sub: Rajya Sabha Starred Question No. 268 (13th Position) for answering on 18.03.2020 regarding "Disaster Management Courses in schools and colleges" ..**

Dear Sir,

I am to invite a reference to your e-mail dated March 13, 2020 on the above-mentioned subject, the requisite information in respect of IIT Indore is as follows:

(a). Whether India is well equipped to tackle natural and man-made disaster;

**Reply:** In India, we have developed strategies and good practices to be followed by NDMA/SDMAs, but the implementation is often a difficult task due to lack of awareness and proper scientific studies. Disasters including earthquake, floods, landslides, tsunamis etc are very dynamic and need site specific detailed studies. Research in this aspect for understanding the mechanism of disasters and its interdependency is very much necessary.

(b). If so, what are the formulated plans or course of action to handle such situation;

**Reply:** The issues related to disaster preparedness including developing an early warning system is very crucial to handle the disaster situation. A (virtual) center of excellence on disaster management with experts from domain area of civil engg and other areas of computer science, electronics, remote sensing, agriculture, social sciences along with local administration can be created for addressing major and site specific issues of various disasters. Though hazard is quantified in large scale, risk associated is not quantified in India which is very crucial for pre and post disaster planning.

(c). Whether the National Disaster Management Authority (NDMA) is coordinating with Municipal Corporation to spot unsafe buildings and strengthen them to withstand tremors,

**Reply:** NO, Implementation at local level is completely missing. Buildings are constructed without proper seismic design. Even awareness among general public is lacking on the building safety and its insurance.

(d). If so, the State and UT-wise details thereof,

**Reply:** NA

(e). The details of States wise representations received for the aforesaid cause; and

**Reply:** NA

(f). Whether Government plans to introduce Disaster management course in schools and colleges to increase awareness and preparedness amongst youngsters?

**Reply:** Disaster management course is very much important for all streams of engineering graduates. Discipline of Civil Engineering, IIT Indore plans to start an elective course of Disaster Management for UG and PG students as per AICTE guidelines. The course aims at making the students understand different aspects of disaster, hazard, vulnerability and risk. It should give clear perspective to students regarding preparedness, rescue and mitigation measures to disasters. It aims at developing a scientific vision amongst the students, to formulate research questions and pursue research regarding disaster forecasting and mitigation.

IIT Indore is actively participating in seismic and landslides research, in co-ordination with Department of Science and Technology, MoES, Department of Space and National Disaster Management Authority. Research on disaster risk reduction should be highly promoted and funded by these organisations in order to develop scientific strategies and for spreading awareness among the public in general.

Sub: RSUSQ No.3745 regarding vacant faculty positions in CUs and IIMs/IITs.

Dear Sir,

I am to invite a reference to your e-mail dated March 21, 2020 on the above-mentioned subject, the requisite information in respect of IIT Indore is as follows:

- (a) Total number of vacant faculty positions in Central universities, IITs, IIMs and NITs till date, category-wise for SCs/STs/OBCs and others;

Reply: Total number of vacant faculty positions in IIT Indore:

Category	Admissible for appointment	Total appointed	Vacant
GEN	133	114	19
OBC (27%)	25	35	0
SC (15%)	14	3	11
ST (7.5%)	7	0	7
EWS (10%)	9	0	9
TOTAL	188	152	46

- (b) Total recruitment held for vacant positions during last five years till date, category-wise for SCs, STs, OBCs and others, university and institute-wise;

Reply: Five recruitment drives have been held for vacant positions during the last five years till date at IITI

- (c) Reasons for high vacancy in posts reserved for SC, ST and OBC candidates as compared to positions for general category;

Reply: The Institute has conducted Special Recruitment Drive at periodical intervals. Lesser participation, especially in ST category, and requisite basic standards are the primary reasons.

- (d) Steps taken by Government to fill vacant positions from reserved category; and Rolling advertisement to fill the faculty member vacancy position was in place and special recruitment drive is being conducted at regular intervals.

Reply: Rolling advertisement to fill the faculty member vacancy position was in place and special recruitment drive is being conducted at regular intervals.

- (e) Whether the IIMs/IITs are bound to follow reservation norms for SCs, STs and OBCs for all courses including fellowship programme?

Reply: Yes, IIT Indore bounds to follow reservation norms for SCs, STs and OBCs for all courses and for PhD programs, IIT Indore has a system of rolling advertisement to welcome applications from bright candidates belonging to all categories.
