Sir,

Thank you for the inputs for replying the above question regarding drop outs. Some of the Institutes have indicated the break up and reasons for the drop-out of students from the Institute.

It is mentioned that the question has been admitted for oral answer (as Starred Question). As such, supplementary questions may be put up by Hon'ble MPs during the oral reply by Hon'ble Minister. It is, therefore, requested that the break-up of UG/PG/PhD drop outs (year-wise) during the last five years(since AY 2014-15) as well as for the current academic year 2019-20 may be furnished, urgently. Also, if there is any specific reasons regarding drop out may be sent for adding in the supplementary note being prepared for the Hon'ble Minister.

Sir,

Thank you for the inputs for replying the above question regarding drop outs. Some of the Institutes have indicated the break up and reasons for the drop-out of students from the Institute.

It is mentioned that the question has been admitted for oral answer (as Starred Question). As such, supplementary questions may be put up by Hon'ble MPs during the oral reply by Hon'ble Minister. It is, therefore, requested that the break-up of UG/PG/PhD drop outs (year-wise) during the last five years(since AY 2014-15) as well as for the current academic year 2019-20 may be furnished, urgently. Also, if there is any specific reasons regarding drop out may be sent for adding in the supplementary note being prepared for the Hon'ble Minister.

The Institute encourages faculty members of the institute to take-up/speed up COVID-19 related research and projects. Several project proposals have already been undertaken and one project is supported by SERB, Government of India. Several other projects are ongoing and submitted for external funding. Student startups would also be involved in ongoing research activities.

Faculty members have proposed various projects on COVID-19 related issues. Institute is also planning to submit a network project including other institutes on development of possible drugs for COVID-19. Institute will encourage faculty members and students to initiate projects related to post COVID-19 challenges at institute level.

IIT (BHU) Varanasi is working on a bottom-up approach by making sanitizer and giving training to police personals and city administration regarding sanitization. Further the institute has initiated projects on detection, safety and mitigation of coronavirus. The R&D efforts on COVID-19 are coordinated by Dean R&D.

### Output of research

1. Re-purpose approved drugs from DrugBank database for treating COVID-19
2. Low cost sanitizer is developed and prepared in large quantity.
3. Full body sanitizer device
4. Low cost mask materials developed and used for fabrication of masks.
5. Anti-viral mask using facile technique is developed.

The Institute encourages faculty members of the institute to take-up/speed up COVID-19 related research and projects. Several project proposals have already been undertaken and one project is supported by SERB, Government of India. Several other projects are ongoing and submitted for external funding. Student startups would also be involved in ongoing research activities.

Faculty members have proposed various projects on COVID-19 related issues. Institute is also planning to submit a network project including other institutes on development of possible drugs for COVID-19. Institute will encourage faculty members and students to initiate projects related to post COVID-19 challenges at institute level.

IIT (BHU) Varanasi is working on a bottom-up approach by making sanitizer and giving training to police personals and city administration regarding sanitization. Further the institute has initiated projects on detection, safety and mitigation of coronavirus. The R&D efforts on COVID-19 are coordinated by Dean R&D.

### Output of research

1. Re-purpose approved drugs from DrugBank database for treating COVID-19
2. Low cost sanitizer is developed and prepared in large quantity.
3. Full body sanitizer device
4. Low cost mask materials developed and used for fabrication of masks.
5. Anti-viral mask using facile technique is developed.

Dear Sir,

This is in reference to your trailing mail, as desired, the pointwise information is mentioned below:

Point No.	Information Desired	Information Provided
(a)	The Number of Patents that have been registered by IIT (BHU) during the past three years?	The Number of Patents that have been <u>registered by IIT (BHU)</u> during the past three years are as follows:-  2017- 27  2018- 42  2019- 53
(b)	The number of those patents that have become commercial products?	The number of patents that have become <u>commercial products</u> are 6.
(c)	The reasons for very low rate of conversion of patents to commercial production?	There is less response from Industries towards innovation and new products. Also patented technologies need scale up and it requires industry support which is lacking. Institute has taken various initiatives in this regard including Industry collaboration, support through DIC and promotion of technologies and start-ups through our incubation cell.

(d) The difference is because of retirement, resignation and vacant post of faculty staff. These are proposed to be filled up through rolling advertisement in future.

**Reply of Rajya Sabha Unstarred Question No. 1511**

(b) The purpose of creation of the post is due to shortage of the faculty staff in the Institute. The erstwhile IT-BHU was converted into IIT(BHU) w.e.f. 29.06.2012 and strength of the students has been increasing, as such considering the requirement of the staff to cope-up enhanced work, posts were created.

**Subject:** Assurance in Rajya Sabha Unstarred Q. No. 1227 for 28.11.2019 on the subject "High expense on Government litigation" raised by Hon'ble Member, Shri Amar Patnaik - regarding

Sir/Madam,

An assurance is pending on the part of this Department in the said Rajya Sabha Unstarred Q. No. 1227 for 28.11.2019 which reads as under :

- (a) the details of the expenditure on lawyers fees and other related expenses incurred by Government on litigation where Government is a party during the last five years; and
- (b) the details of the expenditure on lawyer's fees and other expenses incurred by Government on litigation initiated by it, as well as litigation for dispute inter-se Government Ministries, Departments and Public Sector Undertaking during the last five years; and
- (c) the details of steps taken by government to reduce expenditure on litigation?

Requisite information in r/o all parts of above questions was sought from all the Ministries/Departments vide this Department's OM No. H-11011/2/2019-Judl. dated 18.11.2019, but, only some of the Ministries/Departments have responded so far. It has also been observed that Ministries/Departments are not sending duly compiled information in respect of all the subordinate units under their administrative jurisdiction, this makes the process of compilation of information quite difficult at this end. Therefore, all the Ministries/Departments are requested to send duly compiled inputs (incorporating inputs of their subordinate units) in respect of all the parts of aforesaid question and send the same to enable this Department to fulfill the assurance in the said question.

An expedite action in this regard is solicited, please.

With regards,

for SO (Judicial)  
Department of Legal Affairs
