Dear Sir,

With reference to the trailing email dated 06.08.2021 on the above mentioned subject, please find the point wise reply sought pertaining to IIT Hyderabad.

(a) whether the Government is aware about the need to develop an ecosystem of technological education in Indian language and translate global journals into regional languages.

Reply - Yes

(b) If so, the details of new initiatives being taken in this regard:

Reply - Exploring the possibilities

(c) whether the Ministry's attention has been drawn to a statement of the Prime Minister about the need to progress towards education models that are flexible, seamless and are able to provide learning opportunities according to the requirements of the learners; and

Reply - Yes

(d) If so, the details of the new measures being taken in this regard?

Reply - IIT Hyderabad has adopted Fractal Academic Program a multi-scale approach. In this, a subject is offered as a set of two courses: a 1- credit giving an overview of the subject and a higher level course (often 2-3 credits) giving functional expertise of the subject. For example, a student may enrol for introductory parts of say, Digital Signal Processing, IC Engines and Machine Learning. S/he will thus gain a broad understanding on these wide range of topics. Subsequently, Based on the interest of the student, one may also enrol for the advanced version of one of those courses for a deeper grip of the subject. This model, thus makes it possible for both breadth and depth in learning.

Allow students to better tailor their coursework and choose across Departments:

- Large basket of non-technical courses (Liberal Arts + Creative Arts)
- Better access to a wide variety of courses increases exposure and preparedness for research
- Synergy in projects - foundation for product development
- A balance is sought between technical and non-technical courses to reduce stress

IIT Hyderabad has also started Interdisciplinary and Cross disciplinary programs with a vision of fostering interdisciplinary studies across various disciplines at IIT Hyderabad.

Ref: Email dated 18.07.2022

Dear Raghavendran Ji,

With reference to the letter cited above, the point wise reply sought pertaining to IIT Hyderabad is as follows:

(a) whether the Government has taken note that there are reports that vacancies pertaining to reserved categories not filled up in Mission Mode Recruitment conducted by various Indian Institute of Technology (IITs), though candidates were available, citing the reason "None found eligible";

Reply: Non-Teaching Staff: There are only two backlog vacancies, one in ST and one in OBC. IIT Hyderabad is making its efforts to fill these vacancies at the earliest.

Teaching Staff: IIT Hyderabad has conducted Mission Mode Recruitment in the month of December 2021 and selected 20 reserved candidates for various departments. The Competent Authority is planning to conduct one more Mission Mode Recruitment shortly to fill up the remaining vacancies. IITH is giving preference to the deserved reserved candidates in the regular recruitment round in all the departments.

(b) if so, the details thereof; and

Reply: MoE may like to reply.

(c) the steps taken/being taken by the Government to review the fair conduct of the process of recruitment as complaints of caste bias are there on the Centrally funded Technical Institutes (CFTIs)?

Reply: As per the GoI norms, the Institute nominates SC&ST and OBC representatives (expert member) on selection committees to ensure fair conduct of recruitment process.

Yours faithfully,

Cmde. Manohar Nambiar (Retd.)
